SWISS BEAUTY SINCE 1938

MILA PRODUCT LINE PYRAMID

CREATED BY NATURE PERFECTED BY SCIENCE

From the beginning our company founder, Mila Opiz, considered it absolutely essential to feel well in one's own skin, beginning with the desire to manufacture and sell a biological face cream. Mila Opiz was laying the foundations for the award winning, family operated 3rd generation Swiss Beauty Cosmetic range known today as Mila d'Opiz.

Our first company slogan in 1938 was: "The Golden Point of Beauty" and that same dedication continues today.

Our desire has remained the same for 80 years with the primal focus being on research and development for production of our unique range. Mila d'Opiz products are manufactured according to the EU applicable cosmetic and pharmaceutical GMP guidelines using the latest production equipment. All products are manufactured in St.Gallen, Switzerland pursuant to the ISO 9001 and ISO 22716 Quality Management.

We do not test on animals. The Mila d'Opiz research and development laboratory has refused all animal testing. For the most part, Mila d'Opiz products are mineral oil and paraben free. Our packaging is selected exclusively and is made with environmentally friendly materials.

EAU DE TOILETTE

CLASSICAL ELEGANCE AND CONVINCING NATURALNESS FOR THE MODERN WOMAN OF TODAY.

ÉMILIA' - AN HOMAGE

Émilía' was created on the occasion of the company's 80th Anniversary in honour of our founder Emilia Opitz-Altherr.

The heart piece of Émilía' is built from the classical elegance of the opulent tuberose and the floral-fruity undertone of jasmine. These two flower fragrances mix themselves into the head note with the spice of black coffee and the delicate sweetness of almonds.

Already on the heart note the balmy and powdery scent of tonka beans deploys itself, accompanied by the flavour of mild vanilla and a discreet hint of sandalwood. These solid and earthy scents carry the combination of fragrances as restrained companion and sensual seducer.

With this diversified bouquet Émilía' underlines the complexity and naturalness of a woman who is not only sensual but also goes strong-willed her own way in life.

ÉMILIA' EAU DE TOILETTE

An exquisite fragrance with high notes of coffee beans and sweet almond, low notes of vanilla and jasmine. Delicate and floral, sophisticated sensual scent.
